

Correction to Effects of pH and Salt Concentration on the Formation and Properties of Chitosan–Cellulose Nanocrystal Polyelectrolyte–Macroion Complexes

Hezhong Wang, Chen Qian, and Maren Roman*

Biomacromolecules **2011**, *12* 10, 3708–3714. DOI:10.1021/bm2009685

A supporting grant was unintentionally omitted from the Acknowledgments section. The correct Acknowledgments section should read as follows:

This material is based on work supported in part by the USDA/CSREES under Grant 2005-35504-16088, the National Science Foundation under Grants CHE-0724126 and DMR-0907567, and the Institute for Critical Technology and Applied Science at Virginia Tech. Additional support from Omnova, Inc., and Tembec, Inc., is also acknowledged. Parts of this work were carried out with instruments of the Nanoscale Characterization and Fabrication Laboratory, a Virginia Tech facility operated by the Institute for Critical Technology and Applied Science. In particular, we thank Mr. Stephen McCartney for assistance with the FE-SEM images.
