

Grafted Starch-Encapsulated Hemoglobin (GSEHb) Artificial Red Blood Cells Substitutes [*Biomacromolecules* **2011**, DOI: 10.1021/bm200036j]. Ruifen Xu, Xuyang Feng, Xin Xie, Hao Xu, Daocheng Wu,* and Lixian Xu*

The corresponding authors (D. Wu and L. Xu) withdraw this manuscript based on incorrect data that could not be verified. Specifically, we find the IR spectra provided (Figure 1) are incorrect and indicate the hemoglobin has not been encapsulated by starch. The biological test results are also incorrect. Therefore, the experimental results and published data are incomplete, and accordingly, we withdraw this manuscript.

The original article was published ASAP on March 18, 2011 and withdrawn on April 8, 2011. The PDF content of the original article is attached to this Addition/Correction as Supporting Information.
